

Successful Publication in High Quality Journals

Dates: 25 - 27 October 2022.

Time: 09:00 a.m. - 01:00 p.m.

Fees: 250 K.D.

Objectives:

At the end of the course, participants will:

- Prepare manuscripts successfully for journal publication.
- Learn the importance of an up-to-date literature review, while preparing manuscripts.
- Prepare titles, abstracts, introductions, methodologies, results, discussions, conclusions, and reference sections for journal papers.
- Learn the process of submitting journals.
- Publish journal papers properly.
- Do the important steps one need to follow for publication.

Prerequisites: Basic knowledge on how to conduct research in any discipline is an added advantage, but not compulsory.

Instructor: Dr. S. Neelamani.

Participants: Any researcher and professional involved in research activity even with no previous exposure for journal publication) can participate in this training course. It will be more useful, if participants have the interest and enthusiasm for publishing their research in reputed journals.
