

Training Courses October

2024

Experimental Methods for Engineers

Dates: 26 - 30 January 2025

Time: 10:00 a.m. - 02:00 p.m.

Fees: 250 K.D.

Objectives:

At the end of the course, participants will be able to:

- Explain the operating principles of common instrumentation and interpret the output.
- Apply some statistical skills in creating an experiment and interpreting the results.
- Design experiment according to instrumentation measurement and sensing devices.

Prerequisites: bachelor degree

Instructors: Dr. Mohammad Al-wazzan

Participants: People who are expected to attend the course should be interested in experimental investigation and maintained bachelor degree as a minimum academic qualification.
