

Pipeline Agreements; Commercial and Legal Aspects

DATE: 10–12 October 2021

TIME: 9:00 a.m. - 1:00 p.m.

FEES: 150 K.D.

OBJECTIVES:

This course aims to study the contract on Gas Transport Agreement (GTA) through pipelines; it will shed light on typical contracts of the transport of gas through pipelines. The course will focus on the following:

- Most significant contractual conditions in this important contract,
- Responsibilities of gas carrier through pipelines, and consequences of gas loss, and
- Impact of geographic, political, and technical factors on the onshore gas transport contract.

INSTRUCTOR: Maher A. Boktter

Registration Deadline:

2 October 2021
