

Training Courses November

Wildlife and Nature Photography

2025

Dates: 30/11 - 2/12/2025.

Time: 09:00 a.m. - 01:00 p.m

Fees: 250 K.D. per participant inclusive of materials. Organizations that sponsor more than three participants will be given a %10 discount on total fees.

Objectives:

At the end of the course, participants will be able to:

- Understand and apply the technical aspects of photographing images.
- Compose artistic elements while shooting wildlife and nature photographs for proper conceptual content.
- Apply scientific methods to obtain geocoded photographs.
- Demonstrations of photographed images (Critiques and comments regarding points of improvement).

Prerequisites:

- There is a preference for trainees involved in current projects related to environmental and ecosystem restoration, animal behavior, and marine sciences.
- Trainees are kindly requested to bring their camera gear to maximize the benefits of this course (This will help in the life demonstration section).

Location: Human Resources Development & Conferences Center, KISR.

Instructor: Dr. Naseraldeem Asadalla .

Participants: This tentative training session is intended for professionals and researchers in scientific domains relevant to Environmental and natural sciences.
