

Introduction to ISO 45001:2018 Requirements

DATES: 5 - 9 December 2021

TIME: 09:30 a.m. - 01:00 p.m.

FEES: 150 K.D.

Objectives:

At the end of the course, participants will be able to:

- Understand the concept of Safety Management Systems, and its dynamic and evolving nature.
- Be aware of the international standard ISO 45001:2018, and how it compares with the OHSAS 18001:2007
- Understand the standard's requirements.
- Be able to identify potential implementation solutions (schemes/processes/tools) aligned to quality, or environmental management systems.

Prerequisites: Good English language skills, and basic understanding of HSE processes.

Instructors: Dr. Massimiliano Porcelli, and Dr. Yesudhason Poullose.

Participants: The course is intended for laboratory and workshop supervisors, as well as research and maintenance staff members.
